LAKE STEWARD'S REPORT

This report summarizes

- A.** the findings from a limited program of water quality, water clarity and benthic invertebrate sampling in 2014, and
- B.** the potential vulnerability of fish habitats in Kahshe and surrounding lakes

A. What do the sampling and analysis results tell us?

1. water from Kahshe Lake in mid-May showed below threshold level of total phosphorus at all four monitoring locations, including a new site in the more shallow, southwestern part of the lake.
2. Similarly, water clarity was essentially unchanged from previous years and at a reasonable level considering the tea-coloured waters of Kahshe Lake.
3. The benthic sampling in 2014 confirmed that the aquatic invertebrates of Kahshe Lake are well within the normal range for species richness and all other indicators of potential water impairment.

- B.** The **Muskoka Watershed Council's** 2014 Watershed Report Card based on air photo observations showed a decline in the percent of the shoreline and shallow water zones in lakes in the Kahshe River Sub-Watershed and, for the first time, identified a potential vulnerability for fish habitat in lakes located within this watershed area.

What can we do to delay the onset of nutrient enrichment and its impact on lake health to prevent deterioration of the lake, and to maintain and improve the present relatively healthy condition of Kahshe?

The KLRA needs to continue with its sampling efforts and lake stewardship, and each cottager needs to do his/her part by:

1. managing septic systems properly and having tanks pumped out regularly;
2. avoiding the use of products containing phosphorus (detergents & cleaners);
3. disposing of toxic wastes (batteries, paint, oil, old gas, pressure-treated lumber and other construction waste) at approved land fill sites;
4. minimizing near-shore removal or management of vegetation and ensuring that any shoreline disturbance is conducted in strict compliance with permitted uses;
5. avoiding the use of any chemical fertilizers and pesticides in areas close to the shore; and,
6. taking precautions to minimize the potential for introducing both terrestrial and aquatic invasive species.

Ron Pearson

Kahshe Lake Steward

Septic System Concerns

In November 2014, the KLRA Conservation Committee was informed that a Preliminary Hearing by the Ontario Government's Environmental Review Tribunal (ERT) was to be held for an appeal of an Ontario Ministry of the Environment and Climate Change (MOECC) order under the *Ontario Water Resources Act* R.S.O. 1990, concerning the condition of the septic system at a property on Kahshe Lake. Following some research and discussion by the KLRA Conservation Committee, it was decided that KLRA would request 'Presenter' status at the Preliminary Hearing. Ron Pearson, the Kahshe Lake Steward, contacted the ERT to better understand the situation and to determine the KLRA's options for participation. The decision was made to participate and that our position was to underscore the importance we place on water quality and on having all property owners comply with the relevant rules and by-laws governing their septic systems, without exception.

At the Preliminary Hearing in November we were granted 'Presenter' status, which allowed KLRA, represented by Ron Pearson, George Lindsey and myself, to submit and present our point of view. The material used to request Status at the Preliminary Hearing expanded on our position regarding the importance of water quality and that the rules governing septic system design and maintenance should apply to **all** property owners **without exception**. As part of the ERT hearing process, the MOECC and the people appealing the MOECC Director's Order shared detailed witness statements prior to the Hearing which had been scheduled for April, 2015. Our reading of the material led us to believe that the situation had been on-going for many years with what appeared to be several indicators that the septic system was failing and could have a negative impact on the lake water quality.

At the April ERT Appeal Hearing, the lawyer for the Appellant asked for a Stay of the Order, pending completion of a number of actions identified in an agreement between the Appellant and the MOECC, to rectify the situation. There are several interim dates for items to be completed and a September 30th final completion date. A conference call, to which KLRA will be a party, is scheduled for October 1st to review and determine the status of completion for all agreed to actions. The KLRA will keep the membership informed of further developments as the summer progresses, at the AGM, through the newsletter and on the website.

Bob Reyburn, Chair, Conservation Committee

Rock Markers

The flashing towers were installed on all the main routes in time for the long weekend (May 15-18). The concrete anchors for the remaining 6 towers had to be ordered and were not received until Tuesday May 19. These towers mark the additional route from Denne's region to Grant's Bay and a few other not so critical areas on the lake.

My team and I will install the remaining 6 flashing towers as soon as possible.

Barry Elder

The Kahshe Boutique is coming soon to an event near you.

Remember that KLRA Events are not just Fun Days, but are also opportunities for you to grab some great KLRA merchandise. Watch for the new expanded product line at:

The **AGM** (Sunday July 5)

The **Housey's Rapids Picnic** (Saturday July 18)

The **Kermit Long Kids' Fishing Derby** (Saturday July 25)

The **Kahshe Regatta** (Saturday August 8).

Items will also be available at The **Kahshe Craft Show** (Sunday August 3).

The Kermit Long Kids' Fishing Derby

Saturday July 25th from 9 - 3.
Trophies will be presented at 3:30 on Denne's Dock.
Kahshe Boutique from 1:00 - 4:00

Editorial

The KLRA Board is a group of 12-15 volunteers from all areas of the lake who meet several times a year, to plan KLRA Events, to discuss initiatives for maintaining or improving the Kahshe environment (see page 2), and to monitor potential adverse situations on the lake and take action when necessary (see page 3). The current board will be losing 3 crucial members this year: President John Mertl, Secretary Ron Pearson and Beach Committee Chairman Gary Baskerville. On behalf of the rest of the board and of all KLRA members, I would like to thank them for the outstanding job they have all done over the past few years.

Without the vision and drive of John Mertl, we would still be crashing into hidden rocks that are now identified by the new rock markers, and it was his desire to raise the KLRA profile that led to the establishment of the Communications, Outreach and Membership Committee (COMCom) and, eventually, The Kahshe Boutique.

Ron Pearson will be stepping down as Secretary, a position to which he brought the same thoroughness and attention to detail that he brings to the Lake Stewardship position.

Gary Baskerville's work at the beach has led to great improvements that are appreciated by all the kids on the lake.

This leaves the board with some large holes to fill. If you are interested in joining the board, or know someone else who is, please do 2 things: let me know (keithonkajshe@bell.net), and attend the AGM at the Muskoka Bay Club on July 5th. Have a great summer,

Keith Price, Editor

I N M E M O R I A M

Wilfred A. CURTIS II, August 30, 1928 - January 19, 2015

LIEUTENANT-COLONEL WILFRED A. CURTIS II, CD was the son of Air Marshall Wilfred Austin Curtis and Pearl Burford, concert pianist, and the brother of Glenn H. Curtis and the late Rhonna Curtis. He was married to the late Manon Fauteux, mother of their six children - Wilfred III, Gerald, Michelle, Charles, Danielle and Patrick, the grandfather of nine and the great-grandfather of five. He enjoyed 10 wonderful years with Manon prior to the marriage ending in divorce, after which he raised the family as a single parent. Educated at Trinity College School and Royal Roads Military College, he was an airman from 1947-1957 flying Vampire and F-86 Sabre Jet fighter planes and commanding 400 Squadron, and was named Honorary Lieutenant-Colonel of the squadron from 1977-1979. For 10 years he was a member of the Board of Governors of the Corps of Commissionaires, helping ex-service people find employment post-military life. He operated a successful family insurance brokerage for 40 years. Retiring at age 60, he moved permanently to his cottage on Kahshe, where he took great pleasure from his flower gardens. From early childhood, the cottage was a place of solace and peace for him. In his early 60s, he remarried to Gwen Vernon, widow of his best friend Dr. Peter Vernon, who had died many years before. Although the marriage did not work out, they remained friends. In 1995 he joined the Board of Directors at South Muskoka Memorial Hospital in Bracebridge, became Chairman of the Board in 2000 and led the team that realized the construction of a \$24 million expansion project. He also was a life member of the Badminton and Racquet Club of Toronto, where he enjoyed playing bridge regularly in later years. Wilf was larger than life. He was a wonderful father, brother and friend, with a great sense of humour and he will be greatly missed.

Les HEMS, April 14, 1928 - February 18, 2015

Les and his wife, Gwen, drove to Parry Sound in 1956 to purchase 100 feet of shoreline on Kahshe Lake from the "Crown". By the summer of 1959 they moved into a small cottage with their two little children. Every summer since then, until 2013, Les and his family lived at Kahshe Lake. Les commuted between the cottage and his job with Air Canada, until his retirement. After retirement he spent most of the summer at the Lake, going to the city for a game of tennis during the week. He had a little red CJ7 Jeep, in which he enjoyed exploring the back roads around the cottage with his various golden retrievers. Les's contribution to the Housey's Rapids Cottagers Assn., picnic was to pick up the food supplies from Ledbetters Meats on the Rama Road and deliver them to the Bass Lake picnic site. Unlike most of the cottagers he was not a fisherman, although he did take the grandchildren to Kermit's to submit their catch for weighing and measuring in the annual fishing derby. That was the extent of his involvement in this popular pastime. His interests lay with aviation and light plane flying. His passion was to take his PA11 float plane and fly over the lakes and tundra of Muskoka.

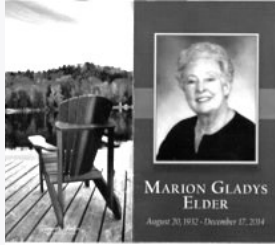

Iva WHITE, February 7, 1923 - February 22, 2015

After Iva and her husband Bill, built their cottage in Hunters Bay in 1961, Iva spent all her summers there, first with her sons, Steve and Gord, then with Bill after his retirement, and after Bill's death, with her Golden Retriever, Chelsea, until failing health prevented her from travelling in 2011. Her family would join her on weekends and vacations and they would always play card games and do jigsaw puzzles. She loved everything about Kahshe: the water, the trees, the birds, the animals and her neighbours, who also summered there, and with whom she shared many happy times. She helped organize the Housey's Rapids Picnic for years and took many photos for the picnic's photo album. She loved talking to everyone who attended. Sons Steve and Gord, daughters-in-law Brooke and Tien, and grandchildren Evan and Julie (and Chelsea) continue to use and enjoy the cottage.

Editor's note: *Iva and Les were among the first people that we met on Kahshe when my wife and I bought the land and began building the cottage in 1981. Their cottages were next door-but-one to each other just around the corner from us on Hunter's Bay, and the 2 couples were great friends. Both Iva and Les were keen supporters of the Housey's Rapids Association and then the KLRA, and contributed much to the success of the HR Picnic. I will miss them both.*

IN MEMORIAM

**Marion Gladys ELDER, August 20, 1932 - December 17, 2014**

Passed away peacefully at Trillium Health Centre, Mississauga in the presence of John, her loving husband of 59 years, and members of her immediate family. Cherished mother to Stacey and grandma to Mason, Braedon and Dayton, who all had a special place in her heart. Loving daughter of the late Cecil and Minnie Woolfrey. Dear sister of Jane Woolfrey-Black (Don). Loving sister-in-law to Carole Elder (late Bruce) and aunt to David (Jennifer), Rob (Joanne) and Laura (Brendon) and their families. Marion led a full and active life, with a keen interest in a variety of social activities, including golf, various MNAC activities: supper club, movies, ladies' luncheon club, mixed socials events and acted as convenor of an evening book club. She also enjoyed her mixed bridge group and spending time at the cottage on Kahshe Lake in Muskoka. Marion loved animals, especially cats. She will be greatly missed.

**The Way It Was** A new series of Kahshe memories**#2 : 90+ years on Kahshe by Bill Edwards**

Now in my 90's, it seems like a great time to re-visit old memories of Kahshe Lake. My parents and sisters and I spent some wonderful times at "the Lake" in the 1920s, 30s, 40s and 1950s. In 1958, now with a family of my own, we purchased our cottage on the North Road, not far from Rockhaven Inn. Until that time, we either rented or stayed at what was then Mrs. Kluey's Bayview Hotel, or later Rockhaven after Les Ring purchased it in or around 1951.

As a young boy, I'd play shuffleboard with my sisters on the grounds at the Inn, or swim at the beautiful beach in front of the Hotel. There were no boats docked there in those days. In fact there were very few boats at all on the lake.

Each summer, Mrs. Kluey would ask Howard Hemming (whose parents owned the Ross and Jane Edwards' property, and who would eventually marry my sister Phyllis) and myself (then a young teenager), to mark out the tennis court on the lawn and set up the nets for play. We had great fun playing during the summer at the Inn. In later years, Civic Holiday weekend was always the time for the Regatta in front of the Inn. Swimming and canoe races were popular and later, the greasy pole was an attraction for the brave, as it projected out over the lake off the Government Dock.

In the 1930s and 1940s, one of my fondest memories is paddling down to Three Mile Lake with my Dad and "old" Mr. Moad. We'd portage through and go bass fishing. Lunch was fresh fish fried over an open fire on the rocks. Idyllic. Summer weekends and evenings often meant paddling down to Sopher's (at the South End) to attend dances with live bands and later at Wigwam Lodge where my sister would have a great time dancing with visiting Airmen during the War.

Many will remember our main store and meeting place on the North Road, re-built in 1953 by Albert Denne. This became a drop-in spot for many generations and a source of groceries for the wives who spent the summers at the lake. Albert built a meeting room where the Association would convene in later years and dances and parties were enjoyed as well. Unfortunately, Dennes burned to the ground in 1981 and took a lot of history and memories with it. Of course, those of us lucky enough to have a car, or who could hitch a ride into Gravenhurst, would never think summer was complete without a visit to Sloan's for blueberry pie. However, most of us would just visit our favourite blueberry patch on the lake and pick baskets full of blueberries. I don't think many do that any more – but the blueberries are still there. Cranberries were also acquired for Thanksgiving dinner by picking in the swampy areas in the kettles – again not something many do anymore.

Our times at Kahshe were special times for our family. Our stomping grounds were mostly at the North and South ends of the lake, but often we'd make the long trip to Housey's by canoe, only to be challenged by the prevailing west wind on the way home again. No part of the lake was unexplored in those days and we spent hours hiking, picnicking, berry picking and canoeing. You'll still find me enjoying the view from Hilda Island each summer or visiting one of my children who now own properties on the lake. It is gratifying to see my grandchildren and great grandchildren growing up on the lake as well, making their own memories. My father would have been amazed to know that his great great grandchildren are still making the trip North to Kahshe. However, their drive certainly doesn't take as long as ours did back in the 1920s and 1930s!

Submitted by *Bill Edwards*, Hilda Island (main channel- one of the Twin Islands)

Editor's note: The Air Marshal's Fly-Past by Ross Roadknight will appear in the September issue.

Kahshe Calendar 2016

The new **Kahshe Calendar** is here. This 2016 12 month calendar features winning pictures from the the 2014 KLRA Photo Contest, and lots of interesting Kakshe information. Priced at only \$15 each, \$12 for KLRA members, these calendars will look great on your kitchen wall at home or at the cottage, will make great gifts for friends and relatives in far away places and will showplace the talents of our many avid photographers. They will be on sale at the AGM (July 5th), at the Housey's Rapids Picnic (July 18th), at the Kermit Long Kids' Fishing Derby (July 15th), at the Kakshe Lake Craft Show and Sale (August 3rd) and at the Kakshe Regatta (August 8th). Get them early — they won't last long.

Learn to paddle

in your own canoe, or in somebody else's.

The **KLRA** and **Muskoka Paddle Shack** are sponsoring a free "**Learn to Paddle**" workshop (\$10 for non-**KLRA** members) on Sunday July 19th from 9:30 to 11:30 am at Nagaya Beach. Bring your own equipment or equipment can be supplied. 8 years and older. Participants must pre-register. For more information and to register go to the **KLRA** website → www.kahshelake.ca, scroll down to and click on **Canoe Lessons** in the **Upcoming Events** column, and follow the instructions.

Ad Policies

Classified Ads

Ground rules are simple -- nothing commercial, no photographs, no services -- this is for things in good shape that you no longer need, but which others might benefit from. For **sale** or for **free**. And if the item goes before publication, let me know! The Krier offers no guarantees - buyer beware! You may also advertise for items you would like to acquire under the heading **Wanted**.

Commercial Ads

Ads must be no larger than 2"H x 3½"W (approximately business card size) and will cost \$25 per issue. No ads will be accepted unless the advertiser is a current member of KLRA. The editor will check the status of advertisers via the KLRA website, and will contact those who are not current so that they can rectify the situation before an ad is accepted. (Note that online membership payment shows up immediately on the website. Other forms of payment take up to 2 - 3 weeks to process.) Invoices for advertising will be sent out after the Spring issue and will assume ads in all 3 issues (i.e in the amount of \$75 [3 x \$25]), unless otherwise noted at the time of submitting the ad. Ads submitted for one issue only will be billed individually.
